Santa Clara, CA | 408-569-4933 | briannamruiz1421@gmail.com | linkedin.com/in/brianna-m-ruiz-640497410

Professional Summary

Cybersecurity Governance, Risk, and Compliance student with hands-on experience building enterprise Active Directory environments and GRC projects. Skilled in Active Directory, Windows Server 2025, Microsoft 365, RBAC, Group Policy, risk assessments, NIST CSF, CIS Controls, and SOC 2. Seeking an entry-level GRC or IAM Analyst role where I can help strengthen governance, risk management, compliance, and identity security.

Certifications

CompTIA Security+ • GRC Mastery Certificate

Skills

Active Directory • Windows Server 2025 • VMware • Microsoft 365 • DNS • Group Policy • RBAC • User Provisioning/Deprovisioning • Least Privilege • Access Reviews • Risk Assessments • Risk Registers • NIST CSF • CIS Controls • SOC 2

Projects

Enterprise Active Directory Infrastructure Lab: Built an enterprise AD environment using AD DS, DNS, OUs, Group Policy, and password policies to centrally manage identities, authentication, access, and security.

Enterprise GRC Risk Assessment & Compliance Project: Conducted a cybersecurity risk assessment, created a risk register, prioritized remediation, and aligned controls with NIST CSF, CIS Controls, and SOC 2.

Experience

Washington Hospital – Lab Technician | Mar 2025 – Apr 2026

- Maintained HIPAA compliance while documenting 30k+ patient records with high accuracy.

TridentCare – Mobile Phlebotomist | Sep 2022 – Mar 2025

- Managed scheduling, documentation, and regulatory compliance while working independently.
