## PROFESSIONAL SUMMARY

---

Governance, Risk, and Compliance (GRC) professional and IT Management student with hands-on experience conducting cybersecurity risk assessments, maintaining risk registers, developing security policies, documenting control gaps, and mapping controls to NIST CSF, CIS Controls, and SOC 2. CompTIA Security+ and SecAI+ certified, with additional experience in RBAC, least privilege, Active Directory, AI governance, regulatory compliance, and handling sensitive information.

## CERTIFICATIONS

---

CompTIA Security+ • CompTIA SecAI+ • GRC Mastery Certificate

## GRC & SECURITY SKILLS

---

Risk Assessments • Risk Registers • Security Policies • Control Documentation • Compliance Gap Analysis • Risk Mitigation • NIST CSF • CIS Controls • SOC 2 • AI Governance • AI Risk • IAM • RBAC • Least Privilege • Active Directory • Windows Server 2025 • Microsoft 365 • VMware • DNS • Group Policy

## EXPERIENCE

---

**Lab Ease LLC – Owner** | Aug 2023 – Aug 2026

- Conducted cybersecurity risk assessments and maintained risk registers to identify, evaluate, and prioritize business and technology risks.
- Developed security policies and control documentation aligned with NIST CSF, CIS Controls, and SOC 2 best practices.
- Performed governance and compliance reviews, documented control gaps, and recommended practical risk mitigation strategies.

**Washington Hospital Healthcare System – Phlebotomist / Lab Technician**

- Protected confidential patient information and followed hospital procedures for accurate specimen collection, processing, documentation, and handling.
- Worked in a highly regulated clinical environment requiring accuracy, accountability, secure information handling, and consistent adherence to established procedures.

**TridentCare – Mobile Phlebotomist** | Sep 2022 – Mar 2025

- Managed scheduling, documentation, sensitive patient information, and regulatory compliance while working independently.

**California DMV – Licensing Registration Examiner** | Nov 2017 – Aug 2022

- Verified identities, safeguarded confidential information, followed regulatory requirements, and maintained accurate records.

## GRC & SECURITY PROJECTS

---

**Enterprise GRC & AI Risk Project:** Conducted cybersecurity and AI governance risk assessments, created a risk register, identified control gaps, and mapped controls to NIST CSF, CIS Controls, and SOC 2.

**Enterprise Active Directory Infrastructure Lab:** Built an enterprise AD environment using AD DS, DNS, OUs, Group Policy, RBAC, and least-privilege access controls.

## EDUCATION

---

**B.S. Information Technology Management** • GPA: 3.0

Relevant Coursework: Cybersecurity, Governance, Risk & Compliance, Business Ethics, RBAC, Least Privilege
